

ONLINE VIDEO

HOW IT WORKS

STEP 01

Start **building** and **talking** to your child about what they love to do online (don't worry, we've given you some handy conversation starters to break the ice!).

STEP 02

Choose one or more related **Watch Outs** to build and talk about.

WHAT'S IN THIS PACK?

Meet your Online Explorer - **THE GIGGLER**

In this activity pack you'll find build and talk activities for the **Giggler** to help you learn more about what your child loves about **online video**.

And then you'll find three related **Watch Outs**:

THE MEANIE

To help you talk about **online bullying**

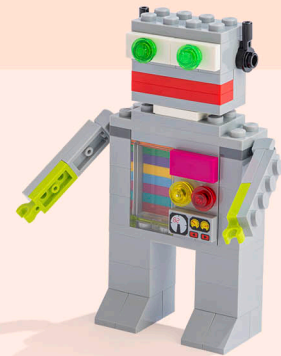

▶ Page 4

THE BIG-EYED MONSTER

To help you talk about **managing screen time**

▶ Page 6

THE SCAMBOT

To help you talk about **phishing** and **online scams**

▶ Page 8

WHAT YOU'LL NEED

 A box of **LEGO** bricks

 At least 20 minutes

Take five minutes to read through this pack before beginning the activity with your child.

ONLINE VIDEO

ONLINE EXPLORER

THE GIGGLER

The following activity will give you a chance to learn about what your child loves watching online and why.

Even if they're not allowed to browse the internet on their own just yet, this is still a good way for you to learn about what they may be interested in watching in the future.

LET'S GET BUILDING

Start by reading the character description on the next page together (or ask your child to read it out loud). Be sure you have your bricks ready and start building.

While building your awesome creatures, here are some helpful icebreakers that will help you keep the conversation going.

BUILD AND TALK

- ▶ **What awesome videos have you seen online lately?**
Something funny? A music video? Someone playing a game?
- ▶ **What else do you like watching?**
Funny videos? 'How-to' videos? Dance videos? Gaming videos?
- ▶ **Where do you watch these?**
- ▶ **Do you have any favourite YouTubers or creators?**
- ▶ **How do you find good stuff to watch?**
- ▶ **Do your friends ever share videos with you?**
- ▶ **Do you ever write things in the comments?**
For example, tell someone you really liked their video?
- ▶ **Have you ever posted a video online yourself? If not, would you like to?**

LISTEN OUT

While you're talking think about which of the **Watch Outs** would be the best to chat about:

THE MEANIE

Online bullying and trolling

▶ Page 4

THE BIG-EYED MONSTER

Managing screen time

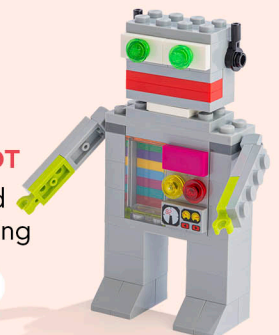

▶ Page 6

THE SCAMBOT

Phishing and online scamming

▶ Page 8

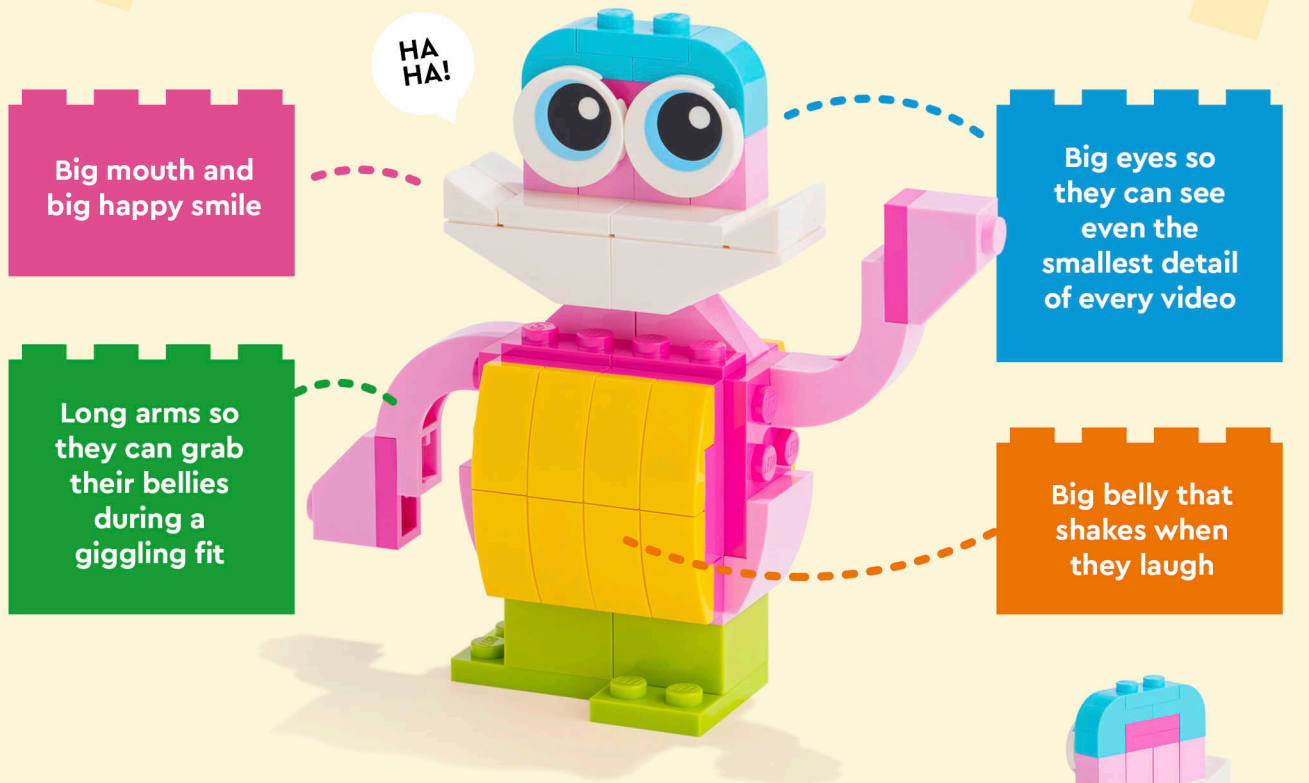

ONLINE VIDEO

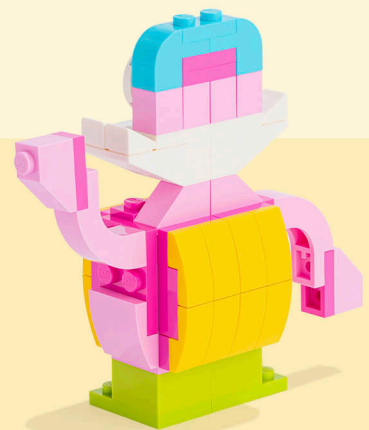

ONLINE EXPLORER

The GIGGLER

The Giggler loves watching all kinds of videos online. They giggle uncontrollably almost all the time, especially when they see clips of animals doing silly things like picking their nose or falling off the sofa.

Lately, they're really into filming little videos of themselves and their friends dancing. A lot of people online seem to like them too and comment a lot.

It's **BUILDING** time!

Have a good look at the picture above to get familiar with all the **Giggler's** special features.

You can build an exact copy of the **Giggler** in the photos above, or make your own unique version. **It's up to you!**

WATCH OUT

THE MEANIE

Online bullying and trolling

Read with your child on [Page 5](#)

READ BEFORE YOU BUILD

Many people, including adults, experience bullying or trolling online – mainly in the form of mean comments.

It's important for your child to know they can always come to you if they experience or witness bullying behaviour online.

WHAT IS 'TROLLING'?

Trolling is an act of being mean online on purpose. Trolls usually don't use their real names, so they can say unkind things without having to own up to them.

BUILD AND TALK

- ▶ **Do you know what a Troll is? Can you explain it to me?**
If no – read the definition included above
- ▶ **Do you know anyone who has been Trolled or had someone say nasty things about them online?**
A friend, someone at school, or a video creator online?
- ▶ **If yes - What happened?**
Did they fight back/retaliate? Did they report them?
- ▶ **If yes - Why do you think they said mean things to them?**
Were they jealous? Were they trying to be funny?
- ▶ **Have you ever been bullied online in other ways, by a stranger or someone you know?**
That could be someone saying mean things in messages or game chat, threatening you if you don't do something they ask.
- ▶ **You know what to do if you or a friend are being bullied online?**
You know you can always come to me, or another grown-up you trust like a teacher.

MAKE A PACT

- ✔ Let's be kind and supportive to everyone online.
- ✔ Let's not say anything online we wouldn't say to someone's face in real life.
- ✔ Let's tell each other right away if someone's mean to us online.

TIME FOR MORE?

There are two more **Watch Outs** in this pack:

THE BIG-EYED MONSTER
Managing screen time

▶ [Page 6](#)

THE SCAMBOT
Phishing and online scamming

▶ [Page 8](#)

ONLINE VIDEO

WATCH OUT! IT'S -

The MEANIE

Mean looking eyes

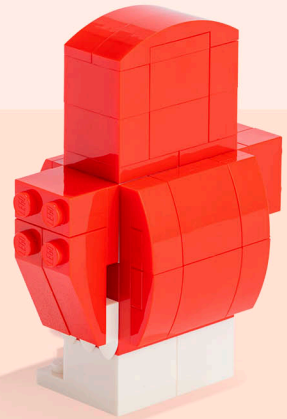

Sharp teeth

Very small, but very mean

PERSONALITY

This little monster likes to hide away, then suddenly pop out when you're least expecting it to **bully** 'friends' and **leave nasty comments** on strangers' videos.

What a menace! The Meanie is hard to catch, but not impossible with a bit of help from a grown-up!

It's BUILDING time!

What will your Meanie look like ?

Have a good look at the picture above to get familiar with all of the **Meanie's** special features.

You can build an exact copy from the photos above or make your own unique version.

It's up to you!

WATCH OUT

THE BIG-EYED MONSTER

Managing screen time

Read with your child on [Page 7](#)

BUILD AND TALK

- ▶ Do you think you spend a lot of time online?

What's the easiest thing to get carried away watching? It's so easy to lose track of time, isn't it?

- ▶ Do you think we allow you enough time with your phone/tablet/console?

- ▶ Why do you think we limit/might want to limit your time?

- ▶ What do you think is a good way to decide when to take a break?

It's good to take a break every hour so your eyes don't get tired and walk around a bit if you're sitting.

READ BEFORE YOU BUILD

Everyone, whatever age they are, finds it hard to step away from their devices when they're watching something great. It's especially hard for kids!

There isn't a perfect amount of time for a child to spend online, but if you are keen to make sure they're not up all night watching videos it's good to have a talk about healthy screen consumption together.

MAKE A PACT

- ✓ Let's all remember to take regular breaks from our screens.
- ✓ Let's make some house rules we all follow about screens.
- ✓ Let's have a 15-minute warning before you need to switch-off.

TIME FOR MORE?

There are two more **Watch Outs** in this pack:

THE MEANIE

Online bullying and trolling

▶ [Page 4](#)

THE BIG-EYED MONSTER

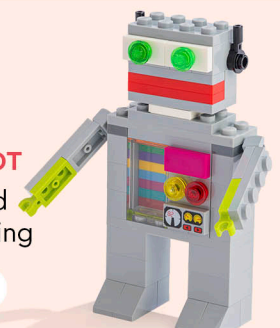

Managing screen time

THE SCAMBOT

Phishing and online scamming

▶ [Page 8](#)

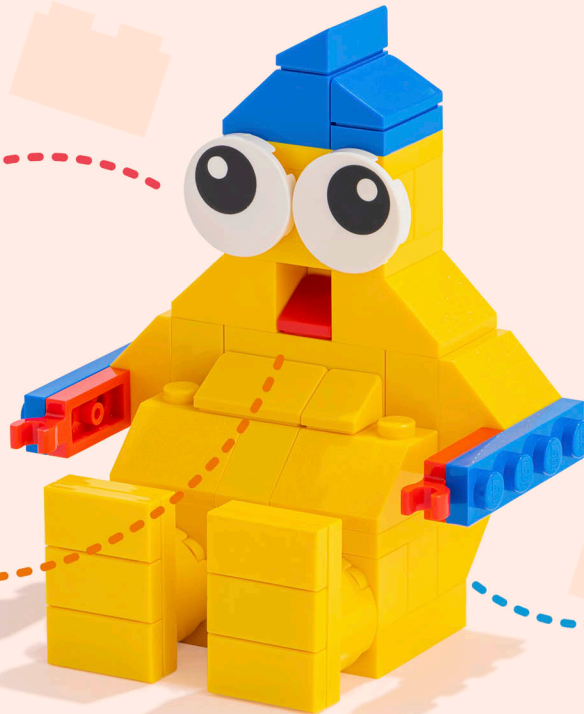

ONLINE VIDEO

WATCH OUT! IT'S -

The **Big-Eyed Monster**

Big eyes from staring non-stop at a screen

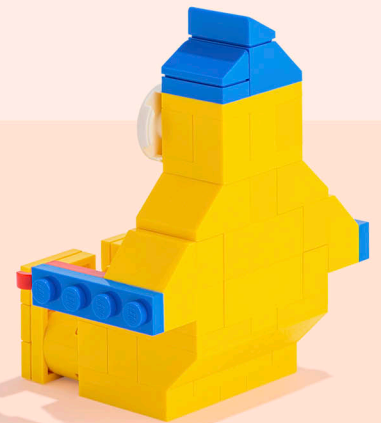

Prefers sitting down

Mouth open mid-yawn

PERSONALITY

This little monster is glued to a screen **day and night**. The more it watches the more its eyes seem to grow. It stays up late **devouring funny videos and playing games** until dawn. It's so tired the next day, we wonder why!?

It's **BUILDING** time!

What will your Big-Eyed Monster look like ?

Have a good look at the picture above to get familiar with all of the **Big-Eyed Monster's** special features.

You can build an exact copy from the photos above or make your own unique version. **It's up to you!**

ONLINE VIDEO

WATCH OUT

THE SCAMBOT

Phishing and online scamming

Read with your child on [Page 9](#)

READ BEFORE YOU BUILD

It's hard to spot a scam. It's not just kids that struggle, grown-ups get sucked in too! **Collect your prize** or **Get free unlimited game currency** - it's hard to resist. But if it sounds too good to be true, it probably is. Have a chat, so you can help them avoid getting stung.

WHAT IS PHISHING?

Phishing is when you are tricked by someone pretending to be a person, company or website you already know. They'll persuade you to share personal information so they can **access your online accounts** or **steal your private data**.

WATCH OUT FOR MALWARE!

Malware is a program that **sneaks into your computer** and stealthily **steals your personal information** - most of the time via visiting dodgy websites (such as those that offer "free" movies) or via dubious software you might have downloaded and installed for free.

TIME FOR MORE?

There are two more **Watch Outs** in this pack:

- ▲ **ONLINE BULLYING AND TROLLING** [Page 4](#)
- ▲ **MANAGING SCREEN TIME** [Page 6](#)

BUILD AND TALK

- ▶ **Have you ever seen an ad on your phone/tablet/online that said you have won something for free, like an iPhone?**
Most of the time if something sounds too good to be true, it probably is
- ▶ **Would you believe an ad like that?**
We never know where that information goes. You should never share those things without asking me first.
- ▶ **If you clicked on it and it asked you to fill out your address, or my credit card number would you do it?**
We never know where that information goes. You should never share those things without asking me first.
- ▶ **Have you ever been asked to share your password in a similar way?**
Never share your passwords with anyone, even friends. Talk to me if you're not sure if someone asks for it.
- ▶ **Did you know sometimes when you install or download something to your device it has nasty bugs attached to it which hide in there and steal your information?**
Often these sites pretend to have free games, apps or movies!
- ▶ **Have you ever installed something without asking me first?**
It's ok if you did, I'm not angry.

MAKE A PACT

- ✓ Let's agree that before you install something on your phone/tablet/computer we'll check it's safe together.
- ✓ Let's agree that you'll never give out your or my real name, passwords, address, email address or credit card information online. If someone asks for them, you'll come and check with me.
- ✓ Let's tell each other if we accidentally do something share our private information online - and not keep it a secret.

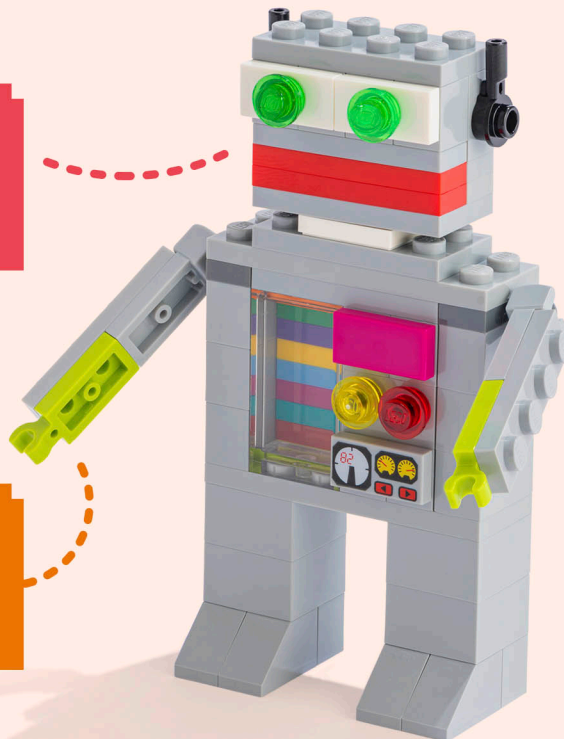

ONLINE VIDEO

WATCH OUT! IT'S -

The SCAMBOT

Sinister
blank
expression

Looks like a
robot

Robot grabber
hands to
hook you

PERSONALITY

The Scambot wants your clicks. He'll do anything to get them – pretend **you've won a prize**, tell you **you have a free gift**, even warn you that you have a **virus** and he can fix it. **Beware** - they're just tricks, for clicks. What a **bad robot!**

It's BUILDING time!

What will your
Scambot look like?

Have a good look at the picture above to get familiar with all of the **Scambot's** special features.

You can build an exact copy from the photos above or make your own unique version.

It's up to you!

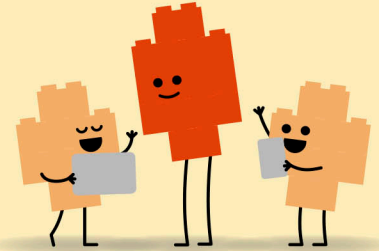

ONLINE VIDEO

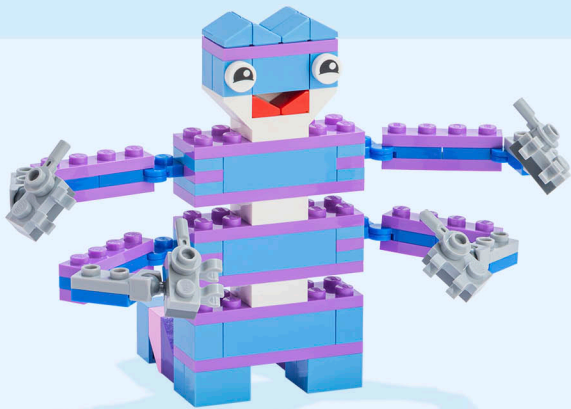

A BIG WELL DONE!

On average, parents will only spend **46 minutes** discussing digital safety and wellbeing with their child during their entire childhood.

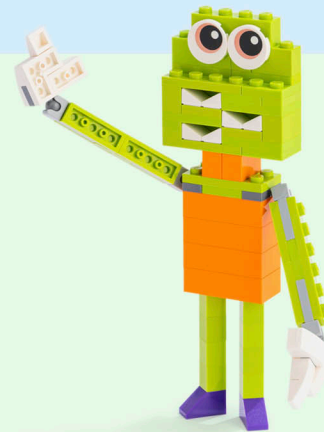

Now you've broken the ice why not keep talking regularly?

If your child is into other things online then why not try another of our activity packs, with build and talk activities to help you keep up and them stay safe.

Explore online gaming with
THE MULTIPLAYER

Explore online messaging with
THE CHATTERBOX

You can download our packs from [LEGO.com/buildandtalk](https://www.lego.com/buildandtalk)
